Joe Franchise is still releasing new albums. After the cooperation with G.I. Joe: Rise of the Cobra, The Summer Series releases new movies according to the inconsistent schedule. It seemed like the franchise stalled for several years between 2013 and 2021, but it looks like G.I. Joe can be back in full force, with plenty of movies and a potential crossover in the works. The inconsistent release schedule, combined with the decision to reboot and use prequels, leaves many viewers confused about which order the movies watch best. Correct expectations. Personally, I'm a huge fan of Thrash Action Movies, so this movie is my home game. Don't get me wrong, it's terrible, but it has the right mix of above-average action with a bad story and a stutter. It is considered to be the worst movie in the series so far, but that doesn't stop this movie from being completely rubbish. Private Joe: 2013's Realition Joe in the same main composition of "Retaltion" went to the almost uninterested audience. Over the years, things have gotten a bit better - thanks in large part to the inclusion of movie stars Bruce Willis and Dwayne.PG -13 118 min Military unit of ASA stories, adventures, science fiction, consisting of special agents known as G.I. Do not expect too much number - critics defeated the film, and Methacrite earned weak 32 points, but for the audience it is correctly expected, these sharp stories are fun. Personally yes. I am a big fan of garbage films, so this film is suitable for me. Do not understand wrong, correctly combines the terrible, but exaggerated action with a bad game and stuttering story. In general, this is somehow considered the worst of the series, but does not interfere with carefully watching the film. G.I. Joe: The only G.I. Joe, joining the same main actor in 2013, was mainly among an uninteresting audience. Over the past years, this was a little better - largely thanks to clear plots, Bruce Willis and Dvina.â, but still hardly qualifies as suitable for viewing. With a slightly more impressive 41 meth critic, he pretty much sees little difference between revenge and the plastic characters that inspired the series. Due to the overall empty performance of most of the participants, this estimate is fairly accurate. However, that doesn't mean this weird movie is any less enjoyable if you're drinking in your hand before settling down. Snake Eyes: G.I. Joe Origin was released a bit confusing and completely unnecessary in the series in 2021, mostly to a surprised viewer. Joey Willis, Johnson and the popular first film, Joseph Gordon-Levitt, but the movie introduced a surprisingly wealthy Asian Golding in the title role, so it's something. GI JOE: Always Master G.I. Joe: Revenge of the upcoming fourth position GI. There is no release date in the Joe series, but G.I. Joe: Once vigilant since 2013. The film eventually hits theaters - just like G.I.
