Verify that the specified log file location exists and that you can write to it. If you cannot uninstall, install, or update the program after using the Fix it wizard, see the solutions in [Error 1714 | Acrobat, Reader](#). To download and install the update, locate the latest update for Acrobat or Reader here: [Adobe Acrobat Updates for Windows](#) Adobe Reader full installers and updates for Windows After clicking Process to Download and then Download Now, click Save or Save As to save the file to your computer. Stop and restart the Explorer.exe process using Windows Task Manager. Change the access permissions on the network folder to "write" for everyone to the shared folder or drive. 1328 Error applying patch to [filename]. MSP extension and are named for each product and update, such as AcrobatUpd11009. Adobe updates the list as it learns more solutions to common errors. Use the Adobe Reader and Acrobat Cleaner tool to remove traces of any previous installation, and then reinstall Adobe Acrobat Reader or Adobe Acrobat. For more information, contact your patch vendor. Follow onscreen instructions to complete the update. On the Services tab, right-click Windows Search and then select Stop. Cannot open database file. The error can be bypassed by downloading the update separately from installing it. Disclaimer: Adobe does not support third-party software and provides this information as a courtesy only. Alternative solution: This error sometimes appears when a drive is mapped for the user and the installer is running in a system context. Reinstall the latest version of Reader on your computer: Go to the Adobe Reader Downloads page and click Download Acrobat Reader. Stop the Windows Search service using Windows Tasks Manager: Right-click the Taskbar and then select Task Manager. 1921 Windows search could not be stopped. The list is not comprehensive. 1603 A fatal error occurred during installation or # AdobeError_#1603 Shut down Microsoft Office and all web browsers. After downloading, locate the patch file on your computer and double-click the file to run the update. 1311 Could not locate source file cabinet: [filename]. 1648 No Valid sequence could be found for the set of patches. In the Control Panel, select Program and Features, and then select Reader from the list of installed programs. 1321 The Installer has insufficient privileges to modify this file: c:\Windows\system32\Macromed\Flash\FlashPlayerTrust\AcrobatConnect.cfg. See Error 1321 or 1309 | Install | CS4, CS5, CS5.5 | Windows. Log in as administrator and access the appropriate registry key: (Acrobat) HKLM\Software\Adobe\Acrobat (Reader) Reader\HKCU\Software\Adobe\Acrobat Reader\ Update the program again. Verify that the specified transform paths are valid. If you still see the error, use the Adobe Reader and Acrobat Cleaner tool to remove traces of any previous installation, and then reinstall Adobe Acrobat Reader or Adobe Acrobat. 1618 Another installation is already in progress. xSorry to interruptCSS Error You can sometimes resolve the update-related errors by reinstalling Acrobat or Reader. Sometimes, you can browse for the resource by using Add/Remove Programs in the Control Panel and trying to repair the application. If you face any problem, try using a different web browser. If you cannot resolve the problem after using the Troubleshooter, see Error 1606 | Install | Acrobat 8, 9 | CS4. Complete that installation before proceeding with this install. Another install is in progress and MSI is busy. For Windows, patch filenames have a .System error - . Like most Windows applications, Acrobat and Reader use Microsoft Windows Installer technology for installing updates. In the dialog, type Control Panel and click OK. 1624 Error applying transforms. See Error 1311, 1335, or 2350 "Source file not found...data1.cab" when installing Adobe products | Windows. 2203 Database: C:\Windows\Installer\ See also: Error 1402 | Error 1406 | Acrobat, Reader. This error could indicate a network error, an error reading from the CD-ROM or a problem with this package. The source cabinet is corrupt. See Error "1310: Error writing to file: C:\Config.Msi..." | CS4 products. In Windows Explorer, go to C:\Program Files (x86)\Common Files\Adobe\ARM\1.0 Right-click AdobeARM.exe and choose Run As Administrator. See Windows Installer Error Messages. See Error 1328: Error applying patch to file. Complete that installation before proceeding with this installation. See Error 1704 or 1500 | Install, remove | CS4 | Windows. That is, save the updater file locally (on your computer) and then run it in a separate step. Verify that the specified location exists and is writable. Uninstall and reinstall Reader on your computer: Uninstall Reader from your computer: Open the Run command dialog by pressing the Windows key and the R key. Click Uninstall and follow the prompts to uninstall Reader. 1706 No valid source could be found for [product name]. One or more of the installer files that the Updater downloaded cannot be found. Reinstall the latest version of Acrobat on your computer: If you have an old version of Acrobat, reinstall Acrobat using the download setup or DVD. See Error 2203 | Install Creative Suite products or updates. 1722 There is a problem with this Windows Installer package. 1401, 1402, 1404, 1406 Could not [perform some action] for [key or value]. These errors occur when the Windows installer cannot successfully modify the registry. This error indicates that your Acrobat/Reader installation was customized with the use of a Transforms (.MST) file. Then, in Acrobat or Reader, choose Help > Check for Updates. See also Error 1603 | Install | CS3, CS4 products. 1612, 1635 The installation source for this product is not available. Verify that the source exists and that you can access it. 1335 The cabinet file '[filename]' required for this installation is corrupt and cannot be used. 1704 An installation of [product name] is currently suspended. See Error 1704 or 1500 | Install, remove | CS4 | Windows. When the dialog appears indicating that the resource is unavailable, browse the needed file. You can also get the MSI either from your Installation disc or from [www.adobe.com/downloads](#) (Reader only). 1714 The older version of [product name] cannot be removed. 1625 Update failed. 1324 Volume invalid or the path contains an invalid character Use the Adobe Reader and Acrobat Cleaner tool to remove traces of any previous installation, and then reinstall Adobe Acrobat Reader or Adobe Acrobat. Or, contact the application vendor to verify that it is a valid Windows Installer patch package. Run Microsoft Installation fixer. Try updating Reader or Acrobat. See Error 1722 while installing or updating Acrobat DC or Acrobat Reader DC on Windows. 1500 Another installation is already in progress. The process terminated unexpectedly. Verify that you have sufficient privileges to stop system services. Click Uninstall and follow the prompts to uninstall Acrobat. Error Title Solution 1067 Update failed. 1606 Could not access network location Try using Microsoft Troubleshooter | Windows 10, Windows 8/8.1/7. Contact your technical support group. Try using the Microsoft Fix it wizard, available at [The wizard updates the Windows registry so that you can usually uninstall previous versions of the program, or install or update the current version successfully.](#) Disclaimer: Adobe does not support third-party software and provides this information as a courtesy only. If your error is not listed here, you can check Windows Installer Error Messages on the Microsoft site. If the update fails, you can get one of the following Microsoft Installer errors. Run Microsoft Installation fixer. 28000 Installation of the Acrobat Licensing Module has failed. Error 28000 Acrobat | How to prevent the rollback of Acrobat installation on Windows 64-bit It's likely that something else updated the file, and the patch can't modify it. Quick solutions: Repair the current program installation using Add/Remove Programs in the Control Panel. Disclaimer: Adobe does not support third-party software and provides this information as a courtesy only. Try installing Adobe Acrobat Reader. This patch package could not be opened. Try downloading Reader directly from this page. 1309 Error reading from file: -Or- Error attempting to open the source file: See Error 1321 or 1309 | Install | CS4, CS5 | Windows and Error 1309 when updating Adobe Acrobat 1310 Error writing to file: C:\Config.Msi.... Verify that you have access to that directory. Update not permitted by system policy. This error could also occur when downloading and updating with the Adobe Application Manager. msp , AcrobatUpd1014.msp, or AdbeRdrUpd11007.msp. Verify that the patch package exists and that you can access it. 1646 Uninstallation of the update package is not supported. Then follow the prompts to install Reader. Quit an installer or wait for the first one to finish. 1622 Error opening installation log file. 1327 Invalid drive See Error 1327 | "Invalid Drive" | Install | CS4, CS5, Acrobat, Reader. 1601 Out of disk space Ensure that you have enough disk space on your primary disk and update it again. In the Control Panel, select Program and Features, and then select Acrobat from the list of installed programs. For more information, see Error opening installation log file. In Reader or Acrobat, choose Help > Check for Updates. Uninstall and reinstall Acrobat on your computer: Uninstall Acrobat from your computer: Open the Run command dialog by pressing the Windows key and the R key. Allow the Download Manager sufficient time to download all necessary installation files. A program run as part of the setup did not finish as expected. Contact your support personnel or package vendor. The .MST file could be missing from its original location or corrupted.
